AVERAGE DAYTIME TEMPERATURE

Enjoy Gran Canaria's mild year-round climate.

SUN

Gran Canaria is an island of striking contrasts, where volcanic landscapes, dramatic coastlines and a remarkable variety of **microclimates** create an exceptional natural setting.

With around 60 kilometres of beaches along the Atlantic and a mild, spring-like climate throughout the year, the island offers endless opportunities to **enjoy life outdoors.**

Its coastline is ideal for water sports — sailing, surfing, windsurfing, bodyboarding and diving — making the Atlantic an essential part of everyday island life.

Sun, sea and outdoor living — all year round.

Gran Canaria is often described as **“a continent in miniature”**, thanks to its extraordinary variety of landscapes, microclimates and ecosystems — a diversity recognised internationally, with around 43% of the island’s territory included in the **UNESCO Biosphere Reserve.**

One island. An extraordinary world of nature and contrasts.

FUN

Gran Canaria offers much more than landscapes and sunshine. The island has a **lively social scene** and plenty of ways to enjoy your free time — beaches, cafés and restaurants, shopping, cultural events and nightlife.

At the heart of it is Las Palmas de Gran Canaria, a cosmopolitan Atlantic city where urban life and the beach come together. **Las Canteras** and Las Alcaravaneras put the ocean right in the city, while terraces and lively neighbourhoods keep the energy up all year.

The historic districts of **Vegueta and Triana** add another dimension: centuries of architecture alongside pedestrian streets, cafés and cultural venues.

Beach days, city nights and island life in between.
