01 · ABOUT US

About Language Campus

We have been organising language travel since **2006**, and in **2008** we opened Language Campus to host school groups on the island — the same team, on the ground, ever since.

Our school is in Las Palmas de Gran Canaria, **steps from Las Canteras Beach**: students walk out of the classroom into a real city, with three kilometres of Atlantic seafront at the end of the street.

Lessons, accommodation, transport, activities and local support are planned by **one team**, so the visiting school arrives with everything already arranged and someone to call at any moment.

Programmes on other Canary Islands available on request.

TRAVEL CAMPUS

Our travel agency and DMC. It organises **complete group trips** — accommodation, transfers, excursions and local logistics — in Gran Canaria and the rest of the Canary Islands. Mini Stays **without language classes** are arranged through Travel Campus.

03 · LANGUAGE CLASSES

Learning by doing

At Language Campus, students learn by **using the language**. Our lessons combine practical communication, collaborative tasks and real-life situations, helping young learners take an active part and grow in confidence.

Courses follow the CEFR and are adapted to each group's age, level and learning objectives, building on what students already know.

Our qualified and experienced teachers know how to motivate young learners and encourage participation. They make language learning a meaningful part of the stay, with opportunities to use new skills during the activities and in everyday conversations.

HALF-DAY ACTIVITY

Old Town Tour — Vegueta & Triana

Explore the **historic heart of Las Palmas de Gran Canaria** through Vegueta and Triana, two neighbourhoods that reveal different sides of the city.

In Vegueta, cobbled streets, traditional squares and historic buildings tell the story of a city founded in **1478**. Landmarks such as Casa de Colón provide a setting for discovering the island's past while walking through its oldest quarter.

A short walk away, Triana brings elegant architecture, pedestrian streets, shops and cafés into the experience. Together, the two neighbourhoods connect the city's heritage with the everyday life of Las Palmas today.

A walk through the past and present of Las Palmas de Gran Canaria.

ELDER MUSEUM OF SCIENCE AND TECHNOLOGY · HANDS-ON EXHIBITS

Elder Science Museum

At the Elder Museum of Science and Technology, **curiosity is part of the visit**. Hands-on exhibits invite students to explore scientific ideas through interaction, making science accessible beyond the classroom. Interactive displays, a real aircraft and the planetarium offer different ways to investigate the world around us — and to look beyond it.

Poema del Mar

Poema del Mar takes students on a journey through striking marine habitats and biodiversity. From freshwater environments to the spectacular Deep Sea window, the visit combines discovery, conservation and a memorable look at life beneath the surface.

OPTIONAL PREMIUM EXPERIENCE

This experience is arranged and quoted separately for each group, subject to availability. It is not included in either the Basic or Complete package.

LAS CANTERAS BEACH · GUIDED SURF SESSION

Surf Experience at Las Canteras

A **professionally guided surf session** on the city beach, adapted to each student's level — whether they are trying surfing for the first time or already have some experience. Boards and wetsuits are provided.

Kayaking & Paddleboarding

A guided water activity in the sheltered waters of Las Palmas de Gran Canaria. Students alternate between kayaking and paddleboarding in a supervised session adapted to the group. Qualified instructors and all necessary equipment are provided. No previous experience is required.

10 · HALF-DAY EXCURSION

Arucas & Teror

Two towns that reveal Gran Canaria's **architectural heritage** and local character. In Arucas, the Church of San Juan Bautista stands out for its dark volcanic stone and striking detail.

The surrounding streets show the town's traditional blue-stone architecture and everyday atmosphere.

The journey continues to Teror, known for Canarian houses with **wooden balconies** and the Basilica of Our Lady of the Pine.

Tradition, history and Canarian character in the heart of the island.

OPTIONAL PREMIUM EXPERIENCE

This experience is arranged and quoted separately for each group, subject to availability. It is not included in either the Basic or Complete package.

11 · FULL-DAY EXCURSION

Anfi del Mar, Puerto de Mogán & Maspalomas

One day, three coastal settings. With its **white sand, turquoise water and palm-lined surroundings**, Anfi del Mar is one of the most inviting places on the south coast — calm, sheltered water that suits everyone in the group.

In **Puerto de Mogán**, colourful buildings, flower-filled lanes and a charming waterfront create a different atmosphere: students explore the streets around the harbour and cross its small canals.

The day ends at **Maspalomas**, where golden dunes stretch towards the Atlantic. Their changing shapes and desert-like scenery are a striking contrast with the streets and beaches of Las Palmas.

Water sports are not part of this excursion; they are booked separately as optional activities.

Aqualand

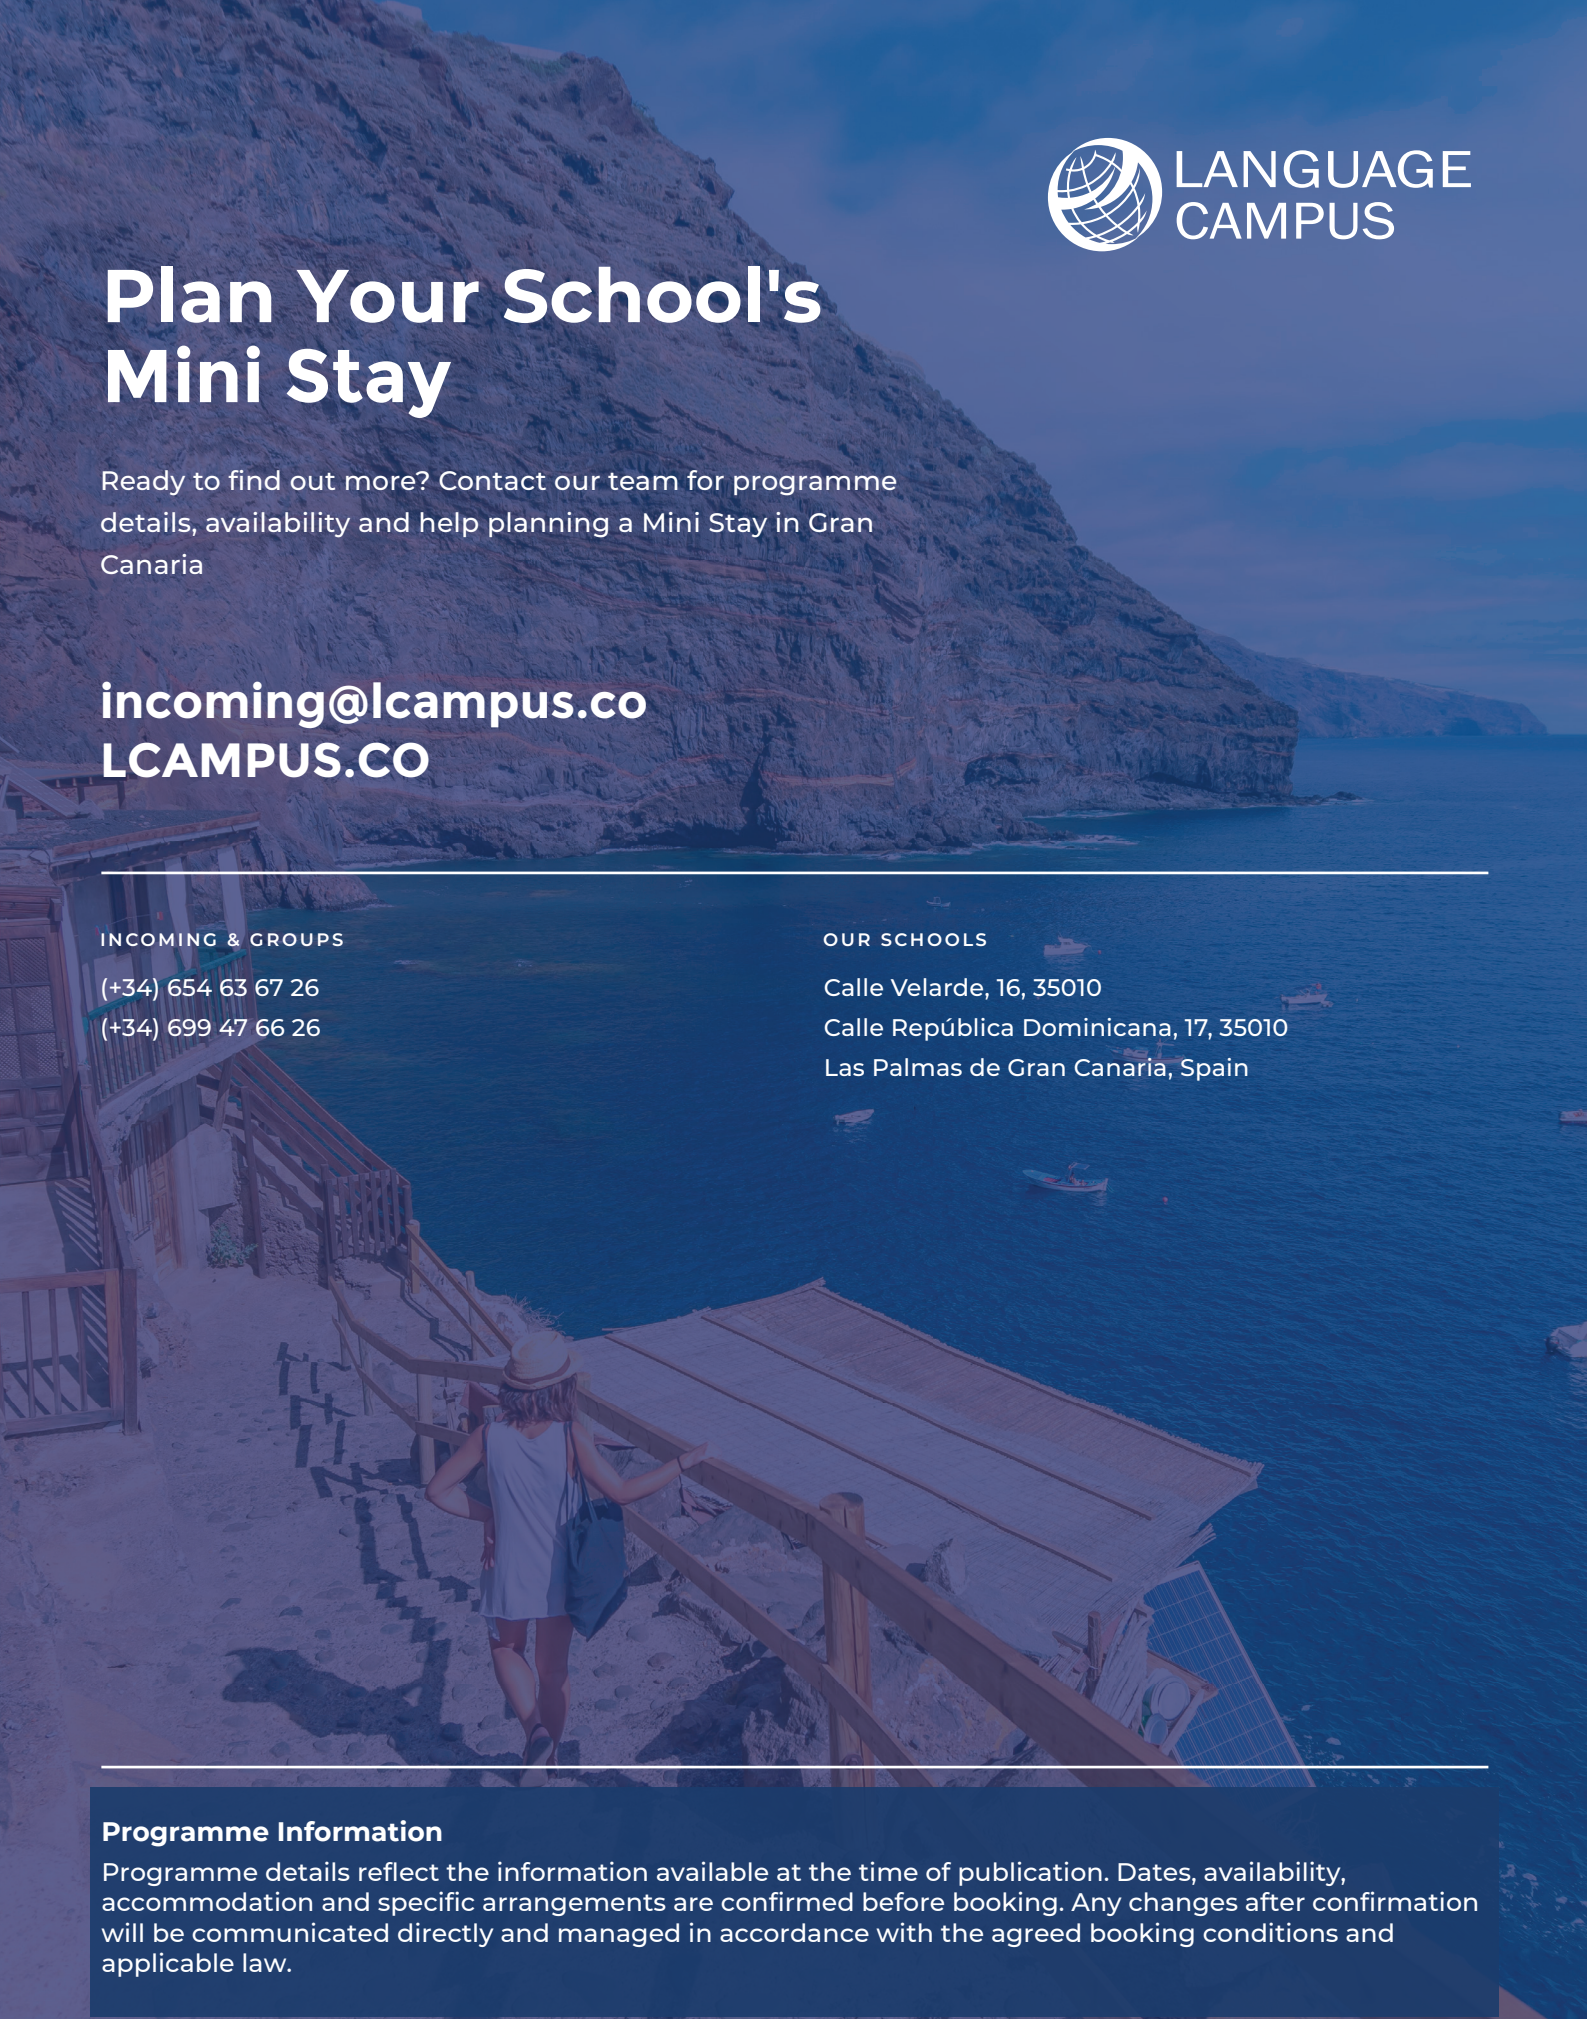

An Optional Premium Experience, booked and quoted separately. Aqualand is not included in the Basic or Complete package.

A day of water slides, pools and shared excitement. The park brings together faster-paced rides and more relaxed moments in the water, so everyone in the group finds their pace.

OPTIONAL PREMIUM EXPERIENCE

Aqualand is arranged and priced separately for each group, subject to availability. It is not included in either the Basic or Complete package.
