THIS SUMMER, LIVE TENERIFE

LCAMPUS.CO

Welcome to Language Campus in **Tenerife**

Choosing Language Campus in Tenerife is about much more than learning a language — it's about experiencing the island.

Set in the south of Tenerife, our Summer Camp combines **high-quality language learning** with sunshine, the Atlantic Ocean, volcanic landscapes and an outdoor lifestyle that makes every day different.

In an international environment, students learn, explore, make new friends and discover the culture and character of one of the Canary Islands' most unique destinations.

Come for the language. Live the island.

About
Language Campus

Our story began in **2006**, sending students abroad as a study-travel agency — work we continue today. In 2008 we founded Language Campus to welcome students to the Canary Islands, and we now host young learners from different countries and backgrounds every summer.

Our approach combines high-quality language teaching with an engaging, communicative methodology designed to help students build confidence and use the language naturally. Courses follow the Common European Framework of Reference for Languages (CEFR), with students placed at the appropriate level and their progress monitored throughout the programme.

Our Tenerife Summer Camp is based in **Cabo Blanco, Arona**, with lessons at **Wingate School**. Its location allows students to combine language learning with sunshine, beaches, outdoor activities and some of the island's most memorable experiences.

During the Summer Camp, learning goes far beyond the classroom. Lessons are combined with activities, excursions and shared experiences that encourage students to practise the language, discover a new culture and make friends from around the world.

Classes are led by **qualified and experienced teachers** in a dynamic and supportive learning environment designed to keep young learners engaged and motivated.

At Language Campus, students don't just learn a language — they live it.

Learning by Doing

At Language Campus, language learning goes beyond textbooks. Our Summer Camp methodology is based on **practical communication**, collaborative tasks and real-life experiences that encourage students to use the language actively and with confidence.

Our programmes follow the Common European Framework of Reference for Languages (CEFR) and develop all key communication skills: listening, speaking, reading, writing, interaction and mediation.

Lessons are adapted to students' levels and learning needs, building on what they already know while helping them develop new skills in an engaging and supportive environment.

Most importantly, our classes are led by **qualified and experienced teachers** who know how to motivate young learners, encourage participation and make language learning an enjoyable part of the summer experience.

FULL-DAY EXCURSION · TEIDE + LOS CRISTIANOS

Mount Teide

Rising to **3,715 metres**, Mount Teide is the highest peak in Spain and — measured from its base on the ocean floor — one of the largest volcanoes on Earth. Around it stretches a caldera of lava fields, craters and rock formations shaped over millions of years.

A **UNESCO World Heritage Site** and the most visited national park in Spain, Teide feels like another planet: silence, altitude and colours that change with the light. The excursion continues in the afternoon on the south coast, in Los Cristianos.

Stand on a volcano. Look down on the clouds.

Los Cristianos

Back at sea level after the morning in the mountains, Los Cristianos offers a **lively coastal atmosphere** with seaside promenades, ocean views and a relaxed setting that is perfect for exploring on foot.

Its sheltered beach and harbour front give the group time to swim, walk and enjoy island life at a slower pace.

Barely an hour separates the summit from the shoreline, and that contrast is what makes this one of the most memorable days of the programme.

Volcanic red in the morning, Atlantic blue in the afternoon.

Premium activity · additional cost

KAYAKING AT PALM-MAR

Kayaking takes place at Palm-Mar, on Tenerife's south coast, and can be scheduled alongside the Teide + Los Cristianos programme. Students paddle along the sheltered coastline with instructors and all equipment provided. No previous experience is required.

*Students who do not book the kayaking activity continue the afternoon in Los Cristianos with the group.

Full-day excursion · Santa Cruz + La Laguna

Santa Cruz de Tenerife

Discover the cultural and historic side of Tenerife in its capital. Santa Cruz combines lively streets, modern city life and a strong cultural identity.

The city is especially famous for its spectacular **Carnival**, one of Tenerife's most internationally recognised celebrations.

Walking through its avenues, squares and waterfront gives students a picture of everyday life on the island beyond the resorts of the south.

A capital city with an island character all of its own.

Full-day excursion · Santa Cruz + La Laguna

San Cristóbal de La Laguna

Nearby, San Cristóbal de La Laguna offers a completely different atmosphere. A **UNESCO World Heritage Site**, its historic streets, colourful architecture and traditional buildings reflect centuries of history.

Its lively pedestrian areas and university life give the old town an energy that students notice straight away.

Together, Santa Cruz and La Laguna are the chance to experience Tenerife beyond its beaches and discover the history, culture and everyday life of the island.

Two cities, two atmospheres, one fascinating side of Tenerife.

FULL-DAY EXCURSION

The beach chillout that follows is one of those unhurried moments where the language stops being a subject and becomes a conversation.

The afternoon begins with lunch at the Hard Rock Cafe, surrounded by its rock-inspired atmosphere and music, before heading down to the beach.

Between the promenade, the shops and the shoreline, students experience the lively and cosmopolitan character of Tenerife's south coast.

Fañabé beach becomes the setting for sport, **games and friendly competition** by the Atlantic. Games, sports and competitions are organised and led by our Group Leaders and camp monitors, with everyone involved whatever their level.

Its calm waters and long sandy shore make it one of the best beaches in the south for a session with the whole group.

Between rounds there is time to swim and cool off, and the session often runs on until the sky over the Atlantic starts to change colour — one of those simple summer moments that make the Tenerife experience so memorable.
